KEYNOTE SPEAKERS

BULLETPROOF HUSBAND & WIFE

ANTHONY ELLIOTT // LAURA ELLIOTT

Nationally recognized keynote speakers Laura and Anthony Elliott share a powerful, firsthand perspective on trauma, resilience, and recovery from both sides of a life-altering event. After Anthony survived a gunshot wound to the head in the line of duty, the couple was thrust into a journey that tested their physical, emotional, and relational limits—reshaping not only Anthony's recovery, but Laura's role as a spouse, mother, and anchor through crisis.

Featured by Fox News, NBC, CBS, Daily Mail, and numerous other media outlets, they provide a unique husband-and-wife perspective on trauma, mindset, well-being and resilience—offering practical lessons that help individuals and families prepare for and overcome adversity throughout their life.
